**BUILT TO PERFORM**

## REDUCE YOUR STUDENT ATHLETE'S RISK OF SEVERE EYE INJURY TODAY

### Sports Frame instead of Everyday Frame

- Each year approximately 600,000 documented sports-related injuries are reported
- More than 42,000 sports-related eye injuries require emergency room attention
- An estimated 13,500 cases result in permanent loss of sight

## MOST OF THESE EYE INJURIES ARE PREVENTABLE BUT ONLY IF YOUR ATHLETE IS PROTECTED.

### BE A SUCCESS, NOT A STATISTIC.

Your Student Athlete Will Benefit from PROGEAR:

- Ideal protection and comfort
- Dynamic and ergonomic design
- Patented for prescription lenses, wide power range, and wrap-around lenses
- Products certified under these standards are subject to stringent tests of high speed impacts simulated for various sports
- No other sports glasses meet these international requirements.
- Designed in Germany, All PROGEAR EYEGUARD sport eyewear are ASTM F803-03, ANSI Z87.1 (USA), EN 166 (Europe) and JIS T8147.5.1d (Japan) certified for impact resistance

**THE TEMPLE VERSION**  
fits most activities comfortably and safely with no impact on performance.

**THE STRAP VERSION**  
is ideal for optimum fitting under helmets and hats.
